

ADROJA YASH

Senior React Native Developer | Tech Lead | Mobile Application Architect

📍 Surat, Gujarat ✉ yash.developer8456@gmail.com 📞 +91 9033968296 📠 yashadroja-8456

Summary

Senior React Native Developer with 6+ years of experience building scalable healthcare and enterprise mobile applications using React Native and TypeScript. Proven track record of delivering complex features, driving mobile architecture decisions, and optimizing production applications for performance, stability, and scalability.

Experienced in collaborating with leadership teams to deliver business-critical solutions and large-scale mobile applications used in real-world healthcare environments.

Skills

Mobile Development: React Native, Android, JavaScript, TypeScript

Architecture Development: Mobile Architecture, Reusable Components, Dynamic Forms, State Management, Scalable UI Systems

Integration: REST APIs, Firebase, Push Notifications, Socket.IO, WebView

Tools Platforms: Redux Toolkit, React Navigation, Git, Bitrise CI/CD, Android Studio, Xcode

Core Competencies: Performance Optimization, Production Debugging, Team Leadership, Project Management

Experience

Lifemaan | *Tech Lead (Mobile)*

Mar 2023 – Present

- Led development of scalable healthcare applications used across hospitals and healthcare professionals.
- Collaborated directly with CEO and leadership teams to drive product development and business-critical feature delivery.
- Delivered Dynamic Forms, Real-Time Chat, Speech-to-Text, IPD Table Sheets, Smart Printing, and Invoice/HTML Rendering solutions for complex healthcare workflows.
- Designed reusable React Native architecture, improving scalability, maintainability, and development efficiency.
- Optimized application performance, resolved production issues, and supported large-scale feature delivery.
- Supported healthcare applications used across 50+ hospitals and 150+ doctors while improving scalability, performance, and maintainability.

Identiq Infotech | *Sr React Native Developer & Android Developer*

Oct 2022 – Mar 2023

- Contributed to scalable mobile application development, reusable architecture design, feature delivery, and production support across multiple client projects.

Propelius Tech | *React Native Developer*

Oct 2021 – Sep 2022

- Developed cross-platform React Native applications, reusable UI components, API integrations, and CI/CD workflows while improving application performance and stability.

Earlier Experience

Aug 2018 – Sep 2021

- Developed Android and React Native applications across multiple client projects, delivering features, API integrations, reusable components, performance optimization, and production support.

Projects

Lifemaan Healthcare Platform (React Native, TypeScript, Firebase, REST APIs)

- Built Dynamic Form Engine, Real-Time Chat, Speech-to-Text, IPD Table Sheet, Smart Printing, and Invoice/HTML Rendering solutions for large-scale healthcare workflows. Collaborated with CEO, leadership, and cross-functional teams to deliver production-grade applications used across 50+ hospitals and 150+ doctors.
- Designed reusable architecture and workflows to improve scalability, maintainability, and long-term product growth.

CreditMountain (React Native, Bitrise, REST APIs)

- Managed and customized multiple white-label React Native applications with shared scalable architecture and client-specific features. Improved application stability, deployment workflows, and release management using Bitrise CI/CD and production debugging.

Enterprise Mobile Applications

- Developed multiple React Native applications from scratch while strengthening expertise in Type Script, scalable architecture, and reusable components.
- Trained junior developers, handled client communication, and contributed to deployment and production support workflows.

Education

Chhotubhai Gopalbhai Patel Institute of Technology

B.Tech in Computer Engineering

Jun 2015 – Jun 2018

Bhagwan Mahavir College of Engineering and Technology

Diploma in Computer Engineering

Jun 2012 – Jun 2015

Language

English, Hindi, Gujarati
